Set in a rare, sparsely-developed corner of the world, Edisto, with its vast green spaces, ancient live oaks, wide open marsh views, and quiet, pristine beach, offers a coastal island experience uncommon today among Eastern seaboard communities. Visitors and residents arrive under a live oak canopy via Highway 174, designated by the U.S. Department of Transportation as a National Scenic Byway. Here, there’s a slower pace of life, coupled with a broad range of year-round recreational activities, all set in the Lowcountry of South Carolina. This is the coastal island destination that is said to offer its own “state of mind...any time, any season.” For more information, please call the Edisto Chamber of Commerce at 843-869-3867 or 1-888-333-2781 or visit www.edistochamber.com.
