

# MEMBER SPOTLIGHT: EDISTO BEACH SERVICES

## MEET JEFF HEBERT - OWNER OF EDISTO BEACH SERVICES

I had a house in Port Royal, South Carolina and met Martha here on Edisto. After Hurricane Matthew destroyed my home. I made the wise decision to move here with Martha - who is also an essential person in my business.

We offer personalized grocery shopping, beach equipment rental, including set up/take down daily at the beach access of your choice, minor home repairs, concierge services, home watch, and more! We want to promote family fun and relaxation.

I've been in business for three years. The hardest thing I've faced so far in my business has been restrictions due to COVID.

Edisto Services LLC

## THE JOURNEY TO EDISTO

I moved here from Birmingham, Alabama where I raised my family. After 2 years of merchandising house plants throughout South Carolina at Home Depot Garden centers, I decided to open Edisto Beach Services to bring more service to our summer guests on Edisto.

## ADVICE FOR NEW BUSINESS OWNERS

After living here for two years, I saw a need for this type of service. Looking back, the advice I'd give for new business owners is simple... **join the Chamber of Commerce** and stay in the know about what's happening in your town!

In my free time, I enjoy spending time with Martha, riding around in our golf cart, and fishing. For a stress-free beach trip, give us a call or visit our website!
